REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT  
PURSUANT TO 37 C.F.R. § 1.705(b)

Mail Stop Patent Ext  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Dear Sir:

A notice of allowance was issued for the present application on **December 28, 2004** indicating that the issue fee is due on **March 28, 2004**. The issue fee is being submitted for the present application in conjunction with this request for reconsideration of the patent term adjustment. The the notice of allowance indicates a patent term adjustment calculated by the U.S. Patent office pursuant to 37 C.F.R. 1.701 to be **0** days. A copy of Notice of Allowance for the present application is included herewith as Exhibit A.

Applicants believe that the patent term adjustment should be **309** days. For the reasons stated herein, reconsideration of the patent term adjustment is respectfully requested pursuant to 37 C.F.R. 1.705(b). Please charge the petition fee pursuant to 37 C.F.R. § 1.18(e) to Deposit Account No. 23-1925. Please charge any additional fee

required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The patent term adjustment for the present application was calculated by the U.S. Patent and Trademark Office. Applicants believe that errors may have resulted in an incorrect patent term adjustment for the present application as described in detail below. The present application is not subject to a terminal disclaimer.

**Period of Adjustment Pursuant to 37 C.F.R. § 1.703**

The present application was filed on **June 30, 2000**. The 14 month date specified in 37 C.F.R. § 1.703(a) is **August 30, 2001**. The first action on the merits by the U.S. Patent and Trademark office in the present application was a **first office action** mailed on **October 3, 2001**. Thus, applicants believe that the difference between the 14 month date and the date of mailing of the first action on merits should be **34 days**.

**Period of Adjustment Pursuant to 37 C.F.R. § 1.703(a)(2)**

The period of adjustment pursuant to 37 C.F.R. § 1.703(a)(2) is the number of days in the period beginning on the day ("the 4 month date") after that date that is four months after the date on which a reply was filed pursuant to 35 U.S.C. § 111 and ending on the date of mailing of either an action pursuant to 35 U.S.C. § 132, or a notice of allowance pursuant to 35 U.S.C. § 151, whichever comes first.

Based on the applicants' calculations shown in Exhibit B, the applicants assert that the total delay attributed to the United States Patent Office under 37 C.F.R. § 1.703(a)(2) is **111 days**.

**Period of adjustment pursuant to 37 C.F.R. § 1.703(b)**

The period of adjustment pursuant to 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day ("the 3 year date") after the date that is three years after the date on which the application was filed pursuant to 35 U.S.C. § 111(a) or fulfilled the requirements pursuant to 35 U.S.C. § 371.

The present application was filed on June 30, 2000 as evidenced by the filing receipt attached as Exhibit B. The 3 year date specified in 37 C.F.R. § 1.703(b) is June 30, 2003. The total amount of delay of both the U.S. Patent and Trademark Office and the Applicants is **267 + 111 = 378 days**, worksheet attached as Exhibit B. On the

date of receipt of the Applicants' RCE application, the present application is believed to have already exceeded the combined total of the 3 year date and the total amount of delay by **431** days (499 – 68 day concurrent delay). Applicants expect that additional non-overlapping delay can reasonably be expected prior to a patent issuing for the present application. Applicants therefore request re-computation of the period of adjustment pursuant to 37 C.F.R. § 1.703 upon identification of the date of issue of the patent of the present application to reflect this delay. With this request, applicants further reserve the right to request reconsideration of the patent term adjustment pursuant to 37 C.F.R. § 1.705(d) if the term of the issued patent is believed to be extended or adjusted incorrectly.

**Reduction in Period of Adjustment pursuant to 37 C.F.R. § 1.704**

**Period of Adjustment Pursuant to 37 C.F.R. § 1.704(b)**

Pursuant to 37 C.F.R. § 1.704(b), the period of adjustment shall be reduced by the number of days, if any, beginning on the day after the date (the 3 month date) that is three months after the date of mailing or transmission of an Office communication notifying the applicant of a rejection, objection, etc., and ending on the date a corresponding reply was filed.

The total applicants' delay is shown on Exhibit B and is believed to be 267 days.

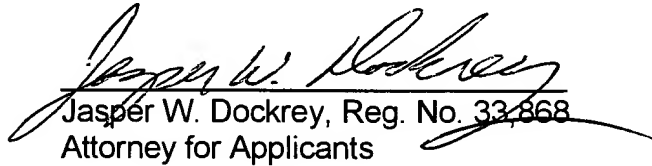

**Total patent term adjustment**

For the present application, the total patent term adjustment pursuant to 37 C.F.R. § 1.703(f) is the period of adjustment pursuant to 37 C.F.R. § 1.703 reduced by any delays pursuant to 37 C.F.R. § 1.704. Thus, according to our calculations, we believe that the patent term adjustment should be **(431 + 34 + 111) days - (267 days) = 309 days**, instead of **0** days indicated on the Notice of Allowance attached as Exhibit A.

It is respectfully asserted that the patent term adjustment determined by the U.S. Patent and Trademark Office for the present application may not be correct. Accordingly, Applicants respectfully request the U.S. Patent and Trademark office to reconsider, and make any necessary revisions to the PAIR system Patent Term Adjustment History in view of the previous remarks. In addition, it is respectfully requested that the patent term adjustment be re-calculated by the U.S. Patent and Trademark

Office in view of the above remarks. Office personnel are invited to contact the undersigned via telephone if such communication would be beneficial in fulfilling this request.

Respectfully submitted,
